

CLEAN GREEN™

by  **bron**®

BT-4736, Clean Green™, is a single sided tape build with a laminated polyethylene cloth and proprietary acrylic adhesive. This tape offers superior physical properties and easy handling when compared with conventional tapes. The design of the tape makes it easy to tear by hand and the adhesive gives you the ability to reposition the tape with no wrinkles. The acrylic adhesive also provides a residue free removal from most surfaces, including, plastics, metals, painted surfaces, and ceramics.

Technical Data

Backing material	Polyethylene cloth
Total thickness	6.4 mils
Type of adhesive	Acrylic
Adhesive strength	44 oz/in
Temperature use range	-40° F to 200° F
Tensile strength	32 lb/in
Elongation at break	15%
