

## Safety Data Sheet

Revision Number: 003.0

# 1. PRODUCT AND COMPANY IDENTIFICATION

Product name: Product type:

Restriction of Use:

Company address:

Henkel Corporation One Henkel Way

Rocky Hill, Connecticut 06067

LOCTITE FREKOTE EXITT AE known as FREKOTE EXITT AE Mold Release None identified IDH number: 398492 Item number: 83511 Region: United States Contact information: Telephone: +1 (860) 571-5100 MEDICAL EMERGENCY Phone: Poison Control Center 1-877-671-4608 (toll free) or 1-303-592-1711 TRANSPORT EMERGENCY Phone: CHEMTREC 1-800-424-9300 (toll free) or 1-703-527-3887 Internet: www.henkelna.com

### 2. HAZARDS IDENTIFICATION

EMERGENCY OVERVIEW			
DANGER:	CONTENTS UNDER PRESSURE.		
	EXTREMELY FLAMMABLE AEROSOL.		
	MAY BE FATAL IF SWALLOWED AND ENTERS AIRWAYS.		
	CAUSES SKIN IRRITATION.		
	CAUSES SERIOUS EYE IRRITATION.		
	MAY CAUSE DROWSINESS OR DIZZINESS.		

HAZARD CLASS	HAZARD CATEGORY
FLAMMABLE AEROSOL.	1
SKIN IRRITATION	2
EYE IRRITATION	2A
SPECIFIC TARGET ORGAN TOXICITY - SINGLE EXPOSURE	3
ASPIRATION HAZARD	1

#### PICTOGRAM(S)

#### **Precautionary Statements**

Prevention:	Keep away from heat, sparks, open flames, hot surfaces - no smoking. Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use. Avoid breathing mist or spray. Wash thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear eye and face protection. Wear protective gloves.
Response:	IF SWALLOWED: Immediately call a physician or poison control center. IF ON SKIN: Wash with plenty of soap and water. IF INHALED: Remove person to fresh air and keep comfortable for breathing.
	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to remove. Continue rinsing. Call a poison control center or physician if you feel unwell. Do NOT induce vomiting. If skin irritation occurs: Get medical attention. If eye irritation persists: Get medical attention. Take off contaminated clothing.
Storage:	Store in a well-ventilated place. Keep container tightly closed. Store locked up. Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F.
Disposal:	Dispose of contents and/or container according to Federal, State/Provincial and local

#### governmental regulations.

Classification complies with OSHA Hazard Communication Standard (29 CFR 1910.1200) and is consistent with the provisions of the United Nations Globally Harmonized System of Classification and Labeling of Chemicals (GHS).

#### See Section 11 for additional toxicological information.

### 3. COMPOSITION / INFORMATION ON INGREDIENTS

Hazardous Component(s)	CAS Number	Percentage*	
Alkanes, C7-10-iso-	90622-56-3	60 - 100	
Propane	74-98-6	10 - 30	
Silicone Resin	Proprietary	5 - 10	

\* Exact percentage is a trade secret. Concentration range is provided to assist users in providing appropriate protections.

4	I. FIRST AID MEASURES	
Inhalation:	Move to fresh air. If breathing is difficult, give oxygen. If not breathing, give artificial respiration. Get immediate medical attention.	
Skin contact:	Remove contaminated clothing and footwear. Immediately flush skin with plenty of water (using soap, if available). If symptoms develop and persist, g medical attention. Wash clothing before reuse.	
Eye contact:	Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Get immediate medical attention.	
Ingestion:	Keep individual calm. Do not induce vomiting: contains petroleum distillates and/or aromatic solvents. If vomiting occurs, prevent aspiration by keeping the patient's head below the knees. Get immediate medical attention.	
Symptoms:	See Section 11.	
Notes to physician:	This material is an aspiration hazard. Potential danger from aspiration must be weighed against possible oral toxicity when deciding whether to induce vomiting.	
5. I	FIRE FIGHTING MEASURES	
Extinguishing media:	Water spray (fog), foam, dry chemical or carbon dioxide. Do not use high volume water jet.	
Special firefighting procedures:	Wear self-contained breathing apparatus and full protective clothing, such a turn-out gear. Water may be unsuitable as an extinguishing media, but may helpful in keeping adjacent containers cool. Keep personnel upwind of fire.	
Unusual fire or explosion hazards:	Contents under pressure. Do not puncture or incinerate pressurized containers. Containers exposed to fire should be cooled with water to prevvapor pressure buildup which could result in container rupture. If a leak or spill has not ignited, use water spray to disperse vapors. The liquid is volatil and gives off invisible vapors. Vapors may form explosive mixtures with air Do not handle or store near an open flame, heat or other sources of ignition. Hydrocarbon solvents are basically non-conductors of electricity and can become electrostatically charged during mixing, filtering or pumping at high flow rates. If this charge reaches a significantly high level, sparks can form that may ignite vapors of flammable liquids.	

IDH number: 398492

Product name: LOCTITE FREKOTE EXITT AE known as FREKOTE EXITT AE Page 2 of 6

1-800-375-0605 Option 8 for 24/7 Service

Hazardous combustion products:

Oxides of carbon. Irritating organic vapours. Collect contaminated fire extinguishing water separately. This must not be discharged into drains.

#### 6. ACCIDENTAL RELEASE MEASURES

Use personal protection recommended in Section 8, isolate the hazard area and deny entry to unnecessary and unprotected personnel.

Environmental precautions:	Do not allow product to enter sewer or waterways. Advise authorities if product has entered or may enter sewers, water sources or extensive land areas. This product is insoluble in water and will float on surface.
Clean-up methods:	Remove all sources of ignition. Keep upwind of the spilled material and isolate exposure. Ventilate area. Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Store in a closed metal container until ready for disposal. Refer to Section 8 "Exposure Controls / Personal Protection" prior to clean up.

7. HANDLING AND STORAGE

Handling:	Do not puncture or incinerate pressurized containers. During use and until all vapors are gone: Keep area ventilated - do not smoke; extinguish all flames, pilot lights, and heaters; turn off stoves, electrical tools and appliances, and any other sources of ignition. Make sure containers are properly grounded before use or transfer of material. Avoid contact with eyes, skin and clothing. Do not breathe gas/fumes/vapor/spray. Do not taste or swallow. Wash thoroughly after handling. For operations where eye or face contact could occur, provide safety shower and eyewash fountain.	
Storage:	For safe storage, store at or below 48.8 °C (119.8 °F) Keep in a cool, well ventilated area. Store away from heat, sparks, flames, or	

other sources of ignition. For information on product shelf life contact Henkel Customer Service at (800) 243-4874.

### 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Employers should complete an assessment of all workplaces to determine the need for, and selection of, proper exposure controls and protective equipment for each task performed.

Hazardous Component(s)	ACGIH TLV	OSHA PEL	AIHA WEEL	OTHER
Alkanes, C7-10-iso-	None	None	None	None
Propane	Included in the regulation but with no data values. See regulation for further details	1,000 ppm (1,800 mg/m3) PEL	None	None
Silicone Resin	None	None	None	None
Engineering controls:	Use explosion-proof mechanical ventilation and local exhaust to control contaminants to within their occupational exposure limits during the use of this product.			
Respiratory protection:	Use NIOSH approved respirator if there is potential to exceed exposure limit(s).			
Eye/face protection:	Safety goggles or safety glasses with side shields. Full face protection should be used if the potential for splashing or spraying of product exists. Safety showers and eye wash stations should be available.			
Skin protection:	Use chemical resistant, impermeable clothing including gloves and either an apron or body suit to prevent skin contact.			
IDH number: 398492		name: LOCTITE FREKC age 3 of 6	TE EXITT AE known as	FREKOTE EXITT AE

### 9. PHYSICAL AND CHEMICAL PROPERTIES

- Physical state: Color: Aerosol Odor: Mild Odor threshold: pH: Vapor pressure: Boiling point/range: Melting point/ range: Specific gravity: Vapor density: 0.68 3.16 Flash point: Flammable/Explosive limits - lower: Flammable/Explosive limits - upper: Autoignition temperature: Evaporation rate: Solubility in water: Insoluble Partition coefficient (n-octanol/water): VOC content: Viscosity: Decomposition temperature:
  - Aerosol Clear colorless Mild Not available. Not applicable 2068 - 2327 mm hg Not available. Not determined 0.68 3.16 Flammable. ASTM D 3065 Not available. Not available. Not available. 5 (Ether = 1) Insoluble Not available. > 90 % Estimated Not available. Not available. Not available.

#### **10. STABILITY AND REACTIVITY**

Stability:	Risk of ignition.
Hazardous reactions:	Will not occur.
Hazardous decomposition products:	None under normal use.
Incompatible materials:	Strong oxidizing agents. Humid air. Water.
Reactivity:	Not available.
Conditions to avoid:	Keep away from open flames, hot surfaces and sources of ignition. Do not puncture, incinerate, or expose to temperatures above 48.9 °C (120 °F). Vapors may form explosive mixtures with air. Fire or intense heat may cause violent rupture of packages. Store away from incompatible materials.
	11. TOXICOLOGICAL INFORMATION

Relevant routes of exposure:

Skin, Inhalation, Eyes

IDH number: 398492

Product name: LOCTITE FREKOTE EXITT AE known as FREKOTE EXITT AE Page 4 of 6

#### Potential Health Effects/Symptoms

Inhalation:	Vapors and mists will irritate nose and throat and possibly eyes. High vapor concentrations (greater than approximately 1000 ppm) may cause headaches, dizziness, anesthesia, drowsiness, unconsciousness, and other central nervous system effects, including death.
Skin contact:	Causes skin irritation. Solvent action can dry and defat the skin, causing the skin to crack, leading to dermatitis.
Eye contact:	Causes serious eye damage.
Ingestion:	This product may be fatal if it is swallowed. Aspiration may occur during swallowing or vomiting, resulting in lung damage. Central nervous system depression, including dizziness, drowsiness, fatigue, nausea, headache, unconsciousness.

Hazardous Component(s)	LD50s and LC50s	Immediate and Delayed Health Effects	
Alkanes, C7-10-iso-	None	Central nervous system, Irritant, Lung, Cardiac	
Propane	Inhalation LC50 (RAT, 15 min) = > 1,442.847 mg/l Inhalation LC50 (RAT, 15 min) = > 1,464 mg/l	Cardiac, Central nervous system, Irritant	
Silicone Resin	None	Irritant	

Hazardous Component(s)	NTP Carcinogen	IARC Carcinogen	OSHA Carcinogen (Specifically Regulated)
Alkanes, C7-10-iso-	No	No	No
Propane	No	No	No
Silicone Resin	No	No	No

### **12. ECOLOGICAL INFORMATION**

**Ecological information:** 

Not available.

#### **13. DISPOSAL CONSIDERATIONS**

Information provided is for unused product only.

Recommended method of disposal: Follow all local, state, federal and provincial regulations for disposal. Do not puncture or incinerate pressurized containers.

Hazardous waste number:

D001: Ignitable.

#### **TRANSPORT INFORMATION** 14.

The transport information provided in this section only applies to the material/formulation itself, and is not specific to any package/configuration.

#### U.S. Department of Transportation Ground (49 CFR) Proper sl

Proper shipping name:	Aerosols, flammable
Hazard class or division:	2.1
Identification number:	UN 1950
Packing group:	None
